

IMMUNITY

+ THE RETURN OF FOOD AS MEDICINE

Rising costs and concerns about the safety + efficacy of prescription drugs has fueled a resurgence of *food as medicine*, and continues to drive consumer interest in functional ingredients like CBD and turmeric. We explore the growing interest in immunity benefits and the shift from pharmacy to pantry. Connect with us to learn more.

GROWING FOCUS ON IMMUNITY

FOODS & BEVERAGES ARE THE PREFERRED MEDICINE

How effective/safe are each of the following in maintaining good health/preventing issues?
